

I understand that the FCC is considering changing the Indiana NO CALL law for telephone marketers. I urge you not to change this law in any way . Since its implementation I have not been bothered by nuisance calls by telemarketers . I feel this is my phone line I pay for it and I don't want to be bothered by telemarketers . If I want their product or service I am capable of seeking them out to purchase the product or service . So Leave Indiana's telephone law alone . thank you Randy Cameron
